

BELIAL'S MASTER OF THE DEATHWING BANNER

With the promotion to the exalted Master of the Deathwing Belial he is now entitled to use his personal heraldry on the Master of the Deathwing's Banner. In time-honoured fashion of previous masters, he has elected to use the sword and halo icons from his personal heraldry and add them to the background of the Deathwing Master's Banner.

It will serve both as inspiration and a rallying point for his First Company Terminators - bringing further glory to the revered elite unit in their fight for Mankind and their Chapter's redemption.
